c/o Guidance Office  
Boothbay Region High School  
236 Townsend Avenue  
Boothbay Harbor, Maine 04538**

Below is the application for a grant from the Student Aid Fund for the 2010-2011 school year.

**ELIGIBILITY**

Students who are residents of Boothbay Harbor, Boothbay, Southport or Edgecomb and who are graduates of Boothbay Region High School or have attended Boothbay Region High School and have special circumstances approved by a majority of the Awards Committee and by a majority of the Board of Directors, who are continuing their education in any post-secondary college, school, or institution approved by the Awards Committee are eligible to apply for a grant each year they are in school as a matriculated student.

**AWARD CRITERIA**

Grants are based on two criteria: 1) financial need as determined by your college; and 2) your college's policy for applying outside grants to its financial aid packages. Financial Need is determined by a college based on the information provided on your Student Aid Report (SAR), tax return and financial aid application. Colleges provide a financial aid package based on their resources which may cover part (leaving "Unmet Need") or all ("Full Funding") of the student's Financial Need.

By law, the college must include all outside aid resources when determining financial aid packages. **The effect of your college's policy on outside aid can be significant.** Each college establishes its own policy, so students attending different colleges may see their award from the Student Aid Fund affected differently. The Student Aid Fund contacts each college each year to verify the college's policy for applying outside aid. In order to facilitate this process, an example of a financial aid information release letter is provided below.

If the college has provided a "Full Funding" Aid package, which can include grant, loan and work study, any award from the Student Aid Fund will result in a change in the original aid package from the college. How the college will alter its aid package will determine whether a grant from the Student Aid Fund will benefit the student.

If the college determines that there is "Unmet Need", the Student Aid Fund can make an award up to the full amount of the Unmet Need before affecting the aid package provided by the college.

Because of the many variables involved--the varying costs of different colleges, the colleges' policies for outside aid, and family circumstances--it is not appropriate to compare one student's award from the Student Aid Fund to another.

## **THE ROLE OF DOLLARS FOR SCHOLARS**

The Boothbay Region Student Aid Fund is affiliated with Dollars For Scholars, a national scholarship organization. Some colleges have agreed to match awards from Dollars For Scholars chapters, and others have agreed to not alter grants that have already been promised if additional grants come from the Student Aid Fund. Through these programs the Student Aid Fund is able to make its grants even more beneficial to students.

## **PAYMENTS**

One-half of an award is sent to the college in July, and the second half is sent in the last week of December. If you have questions about your award being sent, please call Ham Meserve @ 207-633-5666.

## **IMPORTANT DATES!!**

Those current High School seniors for whom a grant from the Student Aid Fund will help make a decision about which college to attend should plan on submitting their completed applications by **March 31** (for early consideration – **INCOMING FRESHMEN ONLY**); **May 3**, for all others.

**The application must be delivered to the Boothbay Region High School guidance counselor, 236 Townsend Avenue, Boothbay Harbor, ME 04538.** Award decisions are made by **April 15** for applications submitted by **March 31**; and by **May 20** for applications submitted by **May 3**. You will be notified by the guidance counselor if you are a senior needing early award information. All other applicants can expect written notification shortly following BRHS graduation.
